

MOWERY & SCHOENFELD

Job Shadow

We know there is substitute for real world experience in determining your plans after graduation. You may be asking yourself, "Is accounting right for me? What type of specialization should I pursue? Which size firm will be the best fit?" Our job shadow program is designed to provide early, real life exposure to the accounting profession to help you make these critical choices.

JOIN US

Join us to experience a day in the life of public accounting. We host job shadow days during the winter and summer breaks. You begin the day as a group and break out into individual sessions with our professionals after lunch. Your day will consist of:

- Insights into opportunities in public accounting, industry accounting, and wealth management for accounting students
- Meet & Greet panel with partners from each of our major service groups, including assurance, tax and accounting
- Lunch with fellow participants and some of our recent graduates
- Individual 30-minute sessions with an assurance, tax and accounting associate
- Resume coaching workshop with human resources and recruiting managers

If you declared accounting as your major and want to learn more, ask us about our internship program!

BENEFITS + CULTURE

Unlimited paid time off

When we say "Unlimited PTO" we mean unlimited! Accounting professionals work hard during busy seasons. We expect all associates to maintain work-life balance.

Second home

We spend a lot of time at work and want to make sure employees are comfortable and can take pride in our space. Our offices features lots of natural light, standing desks, a well-stocked kitchen and coffee area, a dedicated mom's room and more!

Firm culture

With monthly firm events, summer volunteer days, company parties and picnics, intramural teams and more; there is never a shortage of opportunities to build relationships within the Firm.

Commitment to caring

We participate in over 500 service hours each summer with weekly volunteer sessions at local charities during the work day.

Best place to work

Crain's Chicago Business and Accounting Today recognized our Firm as one of the top places to work. It is our job to not only focus on supporting our clients, but also the individuals who make up our diverse and talented team.

Compensation and benefits

We offer a competitive salary, signing bonus, and benefits; including dental, vision, health insurance and much more.
